

Prayer Line Instructions

There is power in prayer, especially when a number of people are praying at the same time for the same request.

1. Write down the request word for word as given to you.
2. Immediately contact the next person on your chain. Pass on only the information given to you. Don't delete or add anything to the request. Do not discuss the prayer request. This consumes additional time and prevents the member from making calls to pass along the request. Always make your conversation positive.
3. Pray immediately concerning the request after making your call. Pray for God's will. Pray fervently.
4. Keep it confidential- absolutely no gossiping.
5. When the prayer is answered, pass along the answer as encouragement.
